## ACCESSIBLE VOTING

There are accessible voting options at each polling place and early voting location.

If you are 65 or older, or have a disability, you can vote from your vehicle at the polls on Election Day or at your local voter registration office before Election Day. Locate a curbside voting sign for instructions on how to alert elections staff of your need for curbside assistance. You may also bring someone with you who can assist you with voting. You can get help reading or writing from an election officer or your own assistant.

If you are blind, have low vision, or have impaired manual dexterity (e.g. have a print disability), accessible voting options are available, including but not limited to using an electronic ballot marking tool for absentee ballots and accessible voting equipment at the polling place. Your general registrar or an officer of election can assist you in accessing these options.
