RFP ELECT-210326-SVRS: Virginia Statewide Voter Registration and Election Management System (SVRS) / Replacement of VERIS

Exhibit B - Pricing Submittal Worksheet

INSTRUCTIONS:

This Pricing Template (Pricing Submittal Worksheet) has been provided on the tabs titled '*Pricing*' and '*Assumptions*' in this attachment, for Suppliers to provide pricing details. Please provide descriptions and pricing for all software/solution/services needed to implement the proposed SVRS solution. The pricing should include, at a minimum, the following:

- Implementation Cost
- Maintenance & Support Cost
- Subscription Costs / Licensing Costs
- Training Costs (please list the types of training available)
- Integration Costs
- Cloud Hosting Costs

https://eva.virginia.gov/pages/eva-billing.htm

1) ELECT will not be liable for any fees or charges for the solution/services that are not set forth in this Pricing Submittal Worksheet or discussed and agreed to, during negotiations. Any attempt to add these fees to submitted pricing, after finalized negotiation, will not be considered.

2) The Supplier must be willing and able to successfully provide the solution/services proposed for the prices given and to complete the project on a firm fixed-price basis.

3) ELECT requests that each Supplier provide detailed and comprehensive pricing. Additional information and backup detail should be attached as appropriate. Any scheduled price change must be identified, and actual new prices and proposed effective dates must be stated.

4) Supplier shall disclose pricing assumptions where possible. Supplier shall clearly identify any discount targets/ranges available. For example, if unit price is based on a certain volume, that assumption should be indicated and reference to the applicable section of the Pricing Worksheet.

Use tab titled 'Assumptions' to list all pricing assumptions.

5) For Section D. Hosting, Items 1-3 should include initial core environment pricing, if applicable. Items 4-15 should inlcude remaining Hosting costs.

6) Pricing for ELECT required increase to cyber security liability insurance coverage limit should be included in Section C. Maintenance and Support with a note in the Description indicating its inclusion and the amount.

7) Increased pricing for negotiated SLAs/performance metrics levels should be included in the line items that best reflects the services affected. For example, price increases to hosting costs should be added to D. Hosting Fees in the appropriate year(s).

8) ELECT requests a rate card to be used for change orders. Hourly rates should be provided by role in section G.
